

Countryside Philosophy

"To lead, serve and guide the children of our community"

IMPORTANT:

All instructors have been fingerprinted and cleared: locally, federally, and by the state.

Extra Curricular Activities

Music Enrichment (Free to all enrolled students)

This program is available for all students beginning with our Toddler group. Ms. Michelle, our Music Therapist, visits Countryside once a week. She visits each classroom, individually, every Friday for 30 minutes during morning school hours. She targets motor skills, creates music awareness in children, promotes response to rhythm and increases their attention span. There is no charge to parents for this service. If you do not want your child to participate in our Music Enrichment program please notify our office.

Oral Health Program (Free to all enrolled students)

Tooth decay is one of the most chronic infectious diseases among children in the United States. Since this preventable health problem begins early, it is important to encourage good oral hygiene at an early age. Students ages 2-4 brush their teeth daily after lunch using pre-pasted disposable toothbrushes. The paste on the toothbrush is safe to swallow. Students will be taught how to use the toothbrush and how to brush their teeth. There is no charge to parents for this service. If you do not want your child to participate in our Oral Health program please notify our office.

Ballet

Ballet is an activity offered once a week. Ms. Jessica, our ballet teacher, has an extensive resume. Ballet is offered to our 3-5 year old students. Fee schedule is provided on the Ballet Enrollment form. Information will be sent home throughout the year with detailed information. To enroll your child in ballet fill out and return the enrollment form with the registration fee before the start date. Any questions regarding the ballet program please contact Ms. Jessica at 305-336-4453. **Payments are to be made payable to Jessica Drago. Checks only!**

Fun Bus

This is simply fitness on wheels. The Fun Bus is a school bus that has been converted into a fitness/playhouse for kids. Although kids will be having fun they are truly fostering their motor development (this is part of one of the domains in the VPK Program). They provide structured classes (fitness oriented) and obstacle courses. The bus remains parked on school grounds during their activity time. The Fun Bus is \$30.00 a month (2 days in the month) for 30 mins. There is limited space available. To enroll your child in fun bus completely fill out and return the enrollment form. Fun Bus is available to students ages 2 and up. **An automatic bill will be placed on your child's account at the receipt of your enrollment form.**
